Don't Miss This Amazing One-Day Event!

Dr. Rev. Martin Luther King, Jr. was killed by an assassin April 4, 1968. He died for freedoms sake. We know that freedom is never free. It is earned in every generation. Learning about his legacy, our black history and who we are as a people is our American story. February ushers in Black History month. Join us for an event that will equip you to meet real world challenges. Dr. Rev. Martin Luther King, Jr. envisioned a world where we are judged by the content of our character, not by the color of our skin. This event also presents our successes and hindrances in the achievement of that dream touching ALL AMERICANS through the lens of the American Black Experience. Dig deep into black history, social justice from a Biblical perspective, and the cultural information campaign designed to disrupt our Judeo-Christian values. Nationally recognized leaders from around the country are joining together to enlighten and broaden our perspectives. This is your opportunity to be part of something bigger than what any one of us can do alone. **"Phenomenal!"**
